### AAT Access Award in Business Skills

#### Using Estimations and Roundings

#### Class Exercise Model Answer

Portslade Trading Ltd are looking at the wages paid to their shop staff for the last week. All staff are paid a wage of £9.20 per hour.

#### Question 1

Complete the table below, rounding the hours to the nearest five hours and rounding the wages to the nearest whole pound.

Name	Hours Worked	Rounded Question	Estimated Answer	Accurate Answer
Maria	44.25	45 x £9	£405.00	£407.10
Winston	38.50	40 x £9	£360.00	£354.20
Pravesh	41.75	40 x £9	£360.00	£384.10
Hannah	42.50	45 x £9	£405.00	£391.00
Joe	43.00	45 x £9	£405.00	£395.60
Ahmed	32.25	30 x £9	£270.00	£296.70
Phoebe	39.25	40 x £9	£360.00	£361.10
Billy	17.50	20 x £9	£180.00	£161.00
Fatima	46.25	45 x £9	£405.00	£425.50
Peter	37.00	35 x £9	£315.00	£340.40
Alexandra	34.25	35 x £9	£315.00	£315.10
Helen	19.75	20 x £9	£180.00	£181.70
Total			£3,960.00	£4,013.50

#### Question 2

Calculate the difference between the estimated answer and the accurate answer.

$$£4,013.50 - £3,960.00 = £53.50$$
